RABINDRA RATNA PURASKAR 2026
Award Declaration

Daksh Sawhney
Karnataka state

07 August 2026

The Rabindra Ratna Puraskar 2026 recognizes the remarkable contributions of individuals in various fields, and Daksh Sawhney from Karnataka has made a significant impact in the realm of Science and Technology. His innovative project, the "Persifolio" app, serves as a mobile investment educational platform specifically designed to address the financial disparities faced by unreserved communities. By successfully onboarding over 4,000 young adults and individuals from low to medium-income backgrounds, Daksh has created a vital resource that teaches essential financial skills such as budgeting, portfolio construction, and risk management through engaging app simulations. The Persifolio app demystifies complex financial concepts, offering personalized investment suggestions, risk assessments, and a virtual stock market simulator, empowering users to cultivate financial independence and break free from the cycles of debt that often hinder their progress. Through this initiative, Daksh is not only enhancing financial literacy but also fostering a sense of agency among users, enabling them to make informed decisions about their financial futures.
